TIPS:

1. After starting up, the system automatically goes to Now Playing screen. Long press the middle button or jog dial to go to main menu;

2. There are different icons for different kinds of music files: normal file, CUE file, SACD file; if the song is added to Favorites, the icon will become a heart-shaped one and there will be a notification that it's successfully added.

3. When paused or no card inserted or failed to mount, the system will shut down automatically after 5 minutes if there's no operation.
